Annual Estimates

OPERATIONS OF ALERIA WHEAT POOL'S PRINCE RUPERT TERMINAL

The Alberta Wheat Pool has loaded twenty-two ships with wheat from the 1926 crop at Prince Rupert to discuss the total up to twenty-four before the crop movement is ended this spring.

The Alberta Pool terminal at Rupert has already handled 5,185,000 bushels and the total will reach 5,788,000 bushels with the next ships. This is a larger total than any handled last fall.

The Prince Rupert house was built and is owned by the Canadian Government, has a capacity of 1,250,000 bushels and is probably the fastest handling terminal on the coast. It is under lease to the Alberta Pool for a term of two years. Joseph Bennett is superintendent of the elevator.

Through the Pool's extensive operation, the ocean freight differential has disappeared and grain is shipped to Europe from Prince Rupert at the same rate as from Vancouver.

Of the twenty-four ships already loaded or committed, six carried grain to the Orient and eighteen to Europe.

Previous to the Pool leasing the Rupert terminal, a wheat load was shipped from that port.

Europe at the same rate as from Prince Rupert at the same rate as from

o ut what a load we shipped from that port.

ANNIE CUTTER

Very Popular Indian School Girl Passes Away

One of the brightest and most promising of the pupils of the "Old Sun" Indian School died yesterday morning.

On Tuesday morning, April 12th, Annie Cutter, the only daughter of Tom Cutter, died after a brief illness of a week from pneumonia. She was born and graduated from the school this summer. During the last four years she won many prizes and distinctions in California, Oregon and the Southwest.

At the recent Diocesan W. A. Auxiliary meeting in Cluny, she was one of the delegates and after her report was presented by the Calvary Church in Alberta. She was then asked to sing a solo. After the service had been completed she was asked to remain at night. When they found that she was only about a mile from home, they arranged for a car to take her home where they towed it down, returning to Gleichen on the train Monday afternoon.

Considering the storm Monday it was not expected any would come in from the Indian country. However, there was much more than expected, as it is believed that after meeting all expenses between \$30.00 and \$40.00 were spent.

Chief Chef Michael and his aide proved themselves admirable servants in the calling and especially in the kitchen. In "hot dog" art, one lady said she learned something new from the Chief, having never heard of "ice cream cakes before. She had seen the chef prepare "ice cream cakes" to a nicely and in green colors. Prof. Lewis had the right up to the high mark as may not be doubted when 3 a.m. chimes are "Home, Sweet Home."

So put in an appearance and all are now looking forward to a nice spring weather. Business was at a standstill all day Monday the banks closed at noon and the trust banks forced three and four feet high in places. All rest of the world seemed to have had a storm and there seems to be reason why we have a little damage as reported in the districts, not great damages suffered.

Next Monday night there will be a meeting in the 22nd Battery Armored to discuss the problem of rifle Association. All are invited to attend.

O. H. Moes, who is at present employed in Ed. Morand's tannery parlor, is more than likely to be clased from the tannery.

He is interested in the Moes estate in Montana, which his deceased brother located as a homestead and which he has been unable to sell. His wife has been sick and four sons have been stricken and four more are now being drilled. As Jacobson to this property a barrel of oil has been sold.

The "Montana Oil" journal published at Great Falls, Mont., says:

"Flowing oil streams through the mountains with little or no waste making 800 barrels per day from a depth of 1457 feet. The oil is 30° API and has a specific gravity of 0.850.

Interesting Queenstown Items

Substantial Decrease In C. N. R. Estimates For Ensuing Financial Year

CANADA.—The report of the Canadian National Railways for 1926 and estimates for the year 1927-28 were approved by the special committee on national railways and adopted by the House of Commons. Estimates for the financial year 1927-28 represent a decrease of \$2,000,000 as compared with the total for 1926-27, or \$15,476,000. The decrease is due to a saving in general expenses, and to economies. The balance of the amount is to be applied to capital expenditures, as well as to current expenses.

Sir Henry Thompson, president of the C.N.R., under examination, informed the committee that the total cost of the system operating in Canada would be \$100,000,000, and that the system in the United States would be \$100,000,000. The total cost of the system in the U.S. would be \$100,000,000, and the cost of the Canadian system would be \$100,000,000. The total cost of the Canadian system included increases in various other trades while the railway arising as a consequence of the wage increase.

Do not recognize in the employment of the Canadian system, said Sir Henry. "I have been told by government and by the railway business that the cost of the Canadian system would be less, and my request has been made to the British Government to consider the matter further, so that we can make arrangements for good and economic work."

Sir Henry was also of the opinion that the real total wage and spent.

The committee was told that India would again show a "substantial" increase in its net earnings in 1927-28, but that the rate of increase would be less than in the previous year.

It should be recognized, said Sir Henry, that the road had increased its net earnings from \$2,000,000 in 1926 to \$6,000,000 in 1926. This increase was due to the fact that the road had been more efficient and was "therefore due to the improved service which you who travel on the road have a better impression of judging than I have."

Refuse Passport To Communist Leader

Many Claimants to Millions

Carden Cannot Attend Parley at Carlton Says Australian Government

Sydney.—The Australian Government has refused a passport to the well-known Communist leader, James P. Cannon, and three colleagues to attend the Carlton Trade Union Congress at Carlton.

The Communists are in Labor cities, Gordon said, and the revolutionaries are trying to whip up the labor leaders and the state's big government in a concerted way.

As it is the intention to discuss peace with the Partition, the development of new industries, and the future of China, it is believed to be the reason for the refusal for the official refusal to grant the passports.

Depends on New Postage

No Increase in Postmaster's Salary or Commissioners' Fees

OTTAWA.—The Canadian Government will be no different this year than it was in the previous year, according to the public and private committees of the House of Commons, which are the legislative body of the Canadian Parliament. We understand that permanent members have been forced to turn to their constituents for money to help them out, as no one in a position to make such determinations as this regard until after the expiration of our full financial year, or even into the next year, as the case may be. Hon. P. J. Verdin, postmaster general, addressing the status conference of the Canadian Postmasters' Association at the closing session.

Gasoline Encyclopedic

OTTAWA.—Gasoline will be moderate in its price at the beginning of March, as the upward movement has not been evident in the last month, and there has not been any increase in the size of the vehicles which is expected to be reflected in the treasury board's report of revenue estimates. Some estimates put the added gas taxes at \$2,000,000.

Gasoline Bill Defeated

OTTAWA.—Tobacco receipts have been given in the Senate to the bill introduced by the Minister of Customs to provide for the taxation of tobacco. The Supreme Court judge sat at the age of 75 and for the creation of an additional judge on the supreme court.

Gasoline Bill Defeated

OTTAWA.—An attempt to introduce a bill in the House of Commons to legalize betting in England was defeated by a vote of 149 to 41.

Matter of Defence Left With Government

Canada Not Bound in Any Way Says Premier King

OTTAWA.—"In no way does this Parliament or country bind itself by decisions made by the Imperial Conference," said Premier King, in answer to a question put to him yesterday concerning the special committee on national railways and airports in the House of Commons.

Premier King said that the financial year represented a decrease of \$2,000,000 as compared with the total for 1926-27.

Mr. Mackenzie King, in the House of Commons, who is in charge of the financial services, said that the Canadian Government had been bound by decisions made by the Imperial Conference, and that the Canadian Government was advised for an application for a loan to the Bank of Trade and Commerce and the committee.

On February 3, the minister of finance, Mr. S. F. Tolmie, told a committee that foreign companies which engaged in "business of a permanent nature" were making a market for "stocks and bonds," and that establishment of best grading to be set for the condition.

Lower Duty on Livestock Western Stock Growers Are Asking For Relief

Calgary.—Urging the dominion to take immediate measures to assist the stock grower, the stockmen of Alberta are pressing for relief in that country, the Western Stock Growers' Association, a result of the Federal Government's proposal to impose a tariff on the necessity for keeping grain and necessities in Canada, and the export of grain to the United States.

A petition will be submitted in railroads asking a reduction in rates on live stock, and a proposal for an appeal to the minister of Trade and Commerce and the committee.

FOREIGNERS ARE FLEEING FROM INTERIOR CHINA

Shanghai.—With another gathering in the city and with sailing having the return of a continuous flight of foreigners from the interior, the Chinese government has now made further preparations to prevent the method of drawing samples. The board, too, has invested the department with the power to inspect ships.

Mr. H. E. Bowring, chief of the office of the customs authorities, has been sent to Hong Kong to inspect ships.

His delegation will be in Hong Kong a greater measure of control over the British Government.

Mr. Bowring, who has been in the interior for some time, has had some signs of co-operation between the British and the natives. He recently implemented on certain roads a reduced a recurrence of disorder could be expected.

GARDEN TIME

Poets and philosophers tell of the satisfaction obtained from cultivation of flower and vegetable gardens, but the practice is not as general as could be wished. In many places there is much less gardening than there was some years ago. We have to so many things they want to do that we have no time.

In many places, however, the garden movement has been pushed as a community proposition. People have been urged in a systematic way, to decorate their grounds with handsome shrubbery and flowers, and some of these communities have developed an amazing amount of this beautification.

Such towns become noted, and every minute of time put in on those flower beds is no doubt paid for in the higher value of real estate that is established in such a town.

Home pride is the motive that can best be relied upon to promote the gardening movement. People will usually do what their neighbors do. If you persuade one or two influential families on a street to spend a little more time and money beautifying their places this season the majority of their neighbors would, within a year or two, fall into line and do the same thing.

The cost of labor to the average man of the back yard ought to be obvious in these times of high prices. The children of the modern community do not have enough share in the home tasks, and it would do them good to have some regular labors in a garden and they could well do a good deal of work. But the old folks cannot expect them thus to labor unless they also are willing to do some stunts with the spade and hoe.

over the request of the Royal Bank secretary of the municipality be that part or all of our municipal business be transacted with the bank. It would be better if the Royal Bank officer would be allowed to look after health matters in the collection of taxes and land.

That a division of the business would not only increase the work of the office but also increase the amount of correspondence and some extra cost.

Coin, Maynard: That we transact our business with the Royal Bank.

That the old folks are desired carried on the following division:

For the motion: Councilor Maynard, Elder, McLean and Dunn, — Carried.

Coin, Dunn: That we have three men and Councillor Dunn.

A letter was read from James Hart requesting that the Council furnish him relief during the next three months. The master was looked over.

Coin, Dunn: That we grant Mr. Hart relief for necessities only to extent of \$30.00 per month for the next three months.—Carried.

Coin, Dunn: That we pay the same rates in connection with road construction as the Royal Bank.

For the motion: Councilor Dunn, — Carried.

For the motion: Councilor Dunn, — Carried.

Coin, Dunn: That this Council constitute the Local Board of Health for this Municipality, that he be adjourned.—Carried.

How's Business

"Business is as good as we make it" is the answer of business leaders. And it is worth to note that most big businesses owe much of their success and prestige to the steady use of advertising.

ADVERTISING in The Call would help you promote your business. It would attract new customers, retain the goodwill of old ones and increase public confidence in your store and service.

ADVERTISING is simply salesmanship in the mass. It is efficient, low priced salesman. Investigate its merits.

BONDAGE OF DEBT . . .

SOME people are always short of money—always borrowing—always in debt.

Although the debtors' goal has vanished, those in debt are not free. They control neither their time nor their careers. Others control them.

Freedom from debt comes with a growing savings account.

The Result of the BI CYCLE CONTEST AT Ramsay's Live Store
Winner: **BILLY FERGUSON**
Close Second: **FRANK WOODS**
Total Votes--18,558

So close was the fight between these two boys, who lead all others contestants all day Saturday, that at 6 p.m. they stood practically ties, but large orders which piled in between 7 and 9 o'clock gave Billy Ferguson a majority of 305 votes. The boys who worked and lost and the customers who supported them are sports and took the result of the contest in good form.

We express our appreciation of interest shown and hope to have an interesting announcement for the girls in a few days.
